

## **Breakthrough Management Group Corporate Fact Sheet**

[www.BMGi.com](http://www.BMGi.com)

### **About Breakthrough Management Group**

Breakthrough Management Group (BMG) was founded in 1999 by some of the world's top Six Sigma experts. BMG trains customers to implement their own Six Sigma and Lean and other customized performance excellence programs, and guides each client through every aspect of a successful deployment. BMG is committed to demonstrating thought leadership through continued research and development initiatives that expand the body of knowledge on state-of-the-art management principles.

In addition to its core Six Sigma and Lean product and service offerings, the company provides clients with top-of-the-line training and guidance in total performance excellence through strategic thinking and planning, TRIZ, Design for Six Sigma and other process efficiency implementations. The company is currently planning to publish a series of books focused on highlighting specific techniques within the framework of a holistic total performance improvement solution.

BMG is a privately-held, self-funded corporation. The company has more than 100 employees, with offices on six continents and representatives in key markets worldwide.

### **Key Executive**

- David Silverstein, President and CEO

### **Products**

BMG is the world's leading innovator of Six Sigma and Lean products and services. BMG leverages its extensive experience with the latest Internet-based technologies to deliver a suite of complementary products and services that greatly enhance the success of any Six Sigma or performance excellence program. BMG's catalog of courses and training options is designed to meet the specific needs of individual companies. In addition to a robust array of Six Sigma and Lean offerings, BMG provides advanced training in process improvement methods including TRIZ, Design for Six Sigma and more.
